LinkedIn: [linkedin.com/in/mkhal-fadel-326979364](https://linkedin.com/in/mkhal-fadel-326979364) | Portfolio: [mkhalfadel.github.io/Portfolio/](https://mkhalfadel.github.io/Portfolio/)

## PROFESSIONAL SUMMARY

Computer Science student and self-taught frontend developer with a strong focus on React.

Experienced in building responsive, user-focused web applications and working with APIs.

Actively seeking an internship or junior frontend developer role.

## SKILLS

Languages: JavaScript

Frontend: HTML, CSS, React

Tools: Git, GitHub, REST APIs, VS Code

## PROJECTS

Lock-Ledger | React, mockAPI, Chart.js

- Progressive Web App for managing notes and tracking income and expenses across devices
- Implemented user-specific data relationships using a simulated backend and built interactive data visualizations with Chart.js
- GitHub: [github.com/MkhalFadel/Lock-Ledger](https://github.com/MkhalFadel/Lock-Ledger) | Live: [mkhalfadel.github.io/Lock-Ledger](https://mkhalfadel.github.io/Lock-Ledger)

ModoUI | React, NPM

- Reusable React UI component library published and maintained on NPM
- Designed reusable and customizable React components and handled package versioning and updates via NPM
- GitHub: [github.com/MkhalFadel/ModoUI](https://github.com/MkhalFadel/ModoUI) | Live: [mkhalfadel.github.io/ModoUI](https://mkhalfadel.github.io/ModoUI)

Dukkan Store | React, mockAPI, ModoUI

- E-commerce web application with an admin dashboard for product management
- Implemented CRUD operations and reusable UI components
- GitHub: [github.com/MkhalFadel/DukkanStore](https://github.com/MkhalFadel/DukkanStore) | Live: [mkhalfadel.github.io/DukkanStore](https://mkhalfadel.github.io/DukkanStore)

## EDUCATION

BSc in Computer Science (2nd Year)

AUCE — Expected Graduation: 2027

## Certifications:

- Harvard CS50x
